

2024 Eagle Township Citizen of the Year

Cori Feldpausch

Cori retired in the fall of 2022 and two months later accepted the calling to thwart a mega manufacturing facility in Eagle Township

Cori researched everything she could to learn what was potentially happening to Eagle Township, completed paperwork to obtain documents via the Freedom of Information Act (FOIA), and then dispensed the information to any and all who needed to know

Cori attended, recorded and spoke at meetings in the Township Hall, the County Courthouse, and the State Capital, not shy to voice the truth

Cori engaged many other residents and local community, encouraging them to get involved

Cori sat in the cold and snow to collect petition signatures to stop the mega site

Cori spent a large sum of personal funds for supplies to spread the word

Cori held onto her faith and prayed for a solution

Cori remains humble to this day that it was not just her doing all of this work. Indeed, it took our community (including a willing husband) to stop the freight train headed toward Eagle Township. However, our community needed a faith filled, wise, selfless, tireless, bold and courageous woman to lead the effort. Eagle Township, and the whole community, are grateful Cori stepped up to the challenge.

Thank you, Cori!

Cori Feldpausch, first ever Eagle Township Citizen of the Year!

Troy Stroud – Supervisor

Laurie Briggs-Dudley – Clerk

Chelsea Hoppes - Treasurer

Michelle Hoppes – Trustee

Dennis Strahle - Trustee
